

REMARKS:

Responsive to the examiner's election requirement, the application hereby elects the invention as identified by the examiner as invention 1 and defined in claims 1 through 11 and 15 through 16. Non-elected claims 12 through 14 are cancelled without prejudice. The applicant expressly reserves the right to pursue same or similar subject matter in a divisional, continuation or continuation-in-part application.

Some of the claims have been amended to incorporate some minor changes to the wording thereof.

One new claim has been added, however the total number of claims remains less than 20. In amending the claims, there are now 4 independent claims. The Commissioner is hereby authorized to charge fees for the 1 extra independent claims {1 X \$100 = \$100} for a total of \$100 and any additional fees which may be required, or credit any overpayment to Account No: 01-0310.

Respectfully submitted
